OPERATING HEIGHT with dust	C	mt.	6,46
HEIGHT OF OUTLET CHUTE	D	mt.	4,2
LENGHT	E	mt.	6,1
LENGHT with 2,60mt loading hopper	F	mt.	9,14
LENGHT with loading auger	G	mt.	9,14
HEIGHT with electric outlet auger		mt.	
TANK		lt	761
WHEELS			4
DIAMETER OF LOADIN AUGER		mm	200
DIAMETER OF CENTRAL SCREW CONVEYOR		mm	368

The manufacturing company may vary the data without notice. The data relevant to yields are just an indication. These can change considerably according to the environment conditions (temperature, moisture, etc) and the product characteristics (ripening degree, cleaning, etc.) Important differences are possible among the different varieties of the same product.
